

With its curriculum enriched and broadened, and with every department filled, it is hoped with competent instructors, the Salt Lake schools will on Monday next enter upon another year of their existence with every evidence of unusual prosperity. In the estimation of Superintendent Christensen the attendance promises to be unprecedented in their history, and all buildings will be crowded to their utmost capacity. The boundaries have most capacity. The boundaries have been readjusted to meet new and changed conditions, and it is probable that transfers from one school to another will be made only for the best

Several changes have been made in the teaching corps, many promotions made, and the personnel strengthened by reason of new appointments, requiring good executive ability and scholastic acquirements.

Teachers return refreshed from their vacations, buildings renovated, and pu-pils will welcome the return of hours for study. Prospects are certainly most

D. W. Parratt, principal of the Uintah school, returned recently from Brig-ham City, where he was an instructor in art in the summer school held there.

Miss Beeson of the Lincoln school returned on Wednesday from the east where she spent her vacation

Miss Alice F. Scoville of the Bryant school returned on Wednesday from an extended visit in the east. The duties of the superintendent's

office have been so arduous this sum-mer that Superintendent Christensen has found no time for a much needed Principal J. O. Cross of the Wasatch

school, who with Mrs. Cross has been enjoying an outing in Hobble Creek canyon, returned to the city on Tues-day.

Misses Myrtle and Gertrude Reilly had a pleasant visit with friends in Denver, in the month of August.

Supervisor and Mrs. Wetzel returned from the east last week. Mr. Wetzel has been taking advanced work in his chosen work during the vacation. Mr. and Mrs. W. D. Prosser have spent the summer in Kansas City and

other eastern cities. W. P. Havenor, formerly connected with the schools of this city, now with the Short Line at Pocatello, was in the

Supervisor Doxey returned from a trip to Chicago on Tuesday.

Principal McCoy of the East Side High school spent the greater part of his vacation at his old home in Terre Haute, Indiana.

Miss Anna C. Price, of the Washing-ton, visited in Ohio during the sum-mer.

Mr. Millert, formerly of the High school, removes to Butte, Montana. Miss Burch, of the Training school,

Miss Bond of the High school, and Miss Cox of the Jackson, spent their vaca-tion in Lincoln, Nebraska.

Principal J. H. Coombs of the Lincoln visited the N. E. A. at Minneapolis, and enjoyed a fine eastern lake trip. Miss Jennie Y. Smith of the Web-ster school came home recently from a viist to Logan.

Principal McMillan of the Twelfth shool visited in Price during the sum-

The teaching fraternity regret that S. D. Bradford has decided to sever his relations with the public schools of this city. He is an earnest, capable teacher and principal, and our school authorities can illy afford to lose his services.

Principal Keeler of the Webster in taking an outing with a company, recently, had the satisfaction of making the ascension of Twin Peaks, a feat of no little achievement.

Miss Mary H. Wanless of the Hamilton school passed the greater part of her vacation with relatives in Los

Miss Etta Powers, principal of the

SALT LAKE CITY SCHOOLS. | Riverside school, spent a portion of the

Miss Bessie Chambers of the Lowell, spent the summer in Omaha, her home. Principal G. A. Eaton of the High school has spent the summer in Salt

Principal D. A. Nelson of the Fre-mont, returned on Tuesday from an ex-tended visit in the east.

Mrs. McKay, principal of the Ninth school, spent a portion of her vaca-tion in Missouri.

Miss Jesie Drew returned this week from a visit to Chicago. Supervisor Pollock returned last

Thursday from the east, attending while absent, the N. E. A., at Minneapolis, and visiting at her home in Far-The Fargo Forum and Daily Republican of Fargo, N. D., in speaking of Supervisor Pollock, who was formerly

Supervisor Pollock, who was formerly supervisor of primary instruction in the schools of that city, speaks in unqualified terms of the services of that lady, and also pays a high compliment to Miss Alice G. Stimmel, who has recently been chosen for a position in the schools of this city, and who for some time has been a teacher in the Longfellow school of Fargo. J. W. Raymer, a graduate of the Uni-

versity of Wisconsin, has been engaged to take the department of physics in the High school, the position being made vacant by the resignation of Mr. Stanley, who goes to a college in Missouri. The young man comes very highly re-commended and Superintendent Chris-tensen is much pleased with his selec-

Miss Alice E. Rowe of the High school has returned from an extended trip northwest.

The Fort Scott Monitor has a most complimentary mention of Mr. Garrett, who has been chosen as a teacher in the High school of this city. Mr. Gar-rett was connected with theHigh school at Fort Scott for a priod of sven years. Miss Mary Dysart, principal of the Emerson school, has just returned from

an extended visit to Seattle.

Miss Emma McIntyre of the clerk's office, board of education, spent her vacation in Salt Lake.

Miss Elizabeth Bain of the East Side High school, returned from her vaca-tion on Thursday.

A. C. Reese, the new teacher of German in the high school, returned from Germany on Friday, Aug. 29. During Mr. Reese's sojourn there he has made a thorough study of the German language and literature, has been engaged in translating works of importance, and has taken courses in the universities of Zurich, Berne and Lucern, Switzerland. It is believed that he is well equipped for his position. Miss L. M. VanCott of the Longfellow

school, returned this week from a tour which included Portland and several cities of the coast.

L. D. S. UNIVERSITY.

Salt Lake City-The regular course opens next Monday, with registration of all students in Barratt Hall.

A new plane has been placed in Barratt Hall this week, in addition to the

All first-year students this year will recite in Barratt Hall; second, third, and fourth year students will recite in the Lion House until the new building is completed; and the Business College building will be occupied solely by the commercial course classes

Seats will be assigned to all students as they register, in the au Barratt Hair. This hall will be the permanent study room of the school; and a roll will be called by a teacher in charge of this room at each hour, to insure the presence of all that have no class or exercise at the hour. In this way a more strict surveillance of students will be exercised than was formerly possible. Seats will be assigned to all students

A course preparatory to hospital training for nurses can be selected by training for nurses can be selected by ladies who desire to fit themselves for this profession, by choosing the following subjects: Physiology, hygiene for women, home sanitation, science of nutrition, general chemistry, and chemistry of foods. The same subjects with the addition of Latin, zoology, botany

PROMINENT OGDEN CITIZENS.

school was removed to Ogden Prof. Driggs came with it and taught one year, then went to the Gallaudet college, Washington, D. C., National college for the deaf, and graduated from the normal course 1898 with high honors. After his graduation be taught in the Jacksonville school for the deaf for one year returning to Utah he was

for one year, returning to Utah he was employed as teacher in the state school

and was appointed superintendent of the institution a year ago and was re-appointed this year to the superinten-

dency,
Prof. Driggs is a young man of high
character, and conducts the affairs of
the Utah Deaf and Blind school in a
most creditable manner. The institution is growing very rapidly; the prospects are that there will be a larger
attendance at the school this year than

FRANK M. DRIGGS.

Ogden, Utah, Sept. 5.—Prof. Frank Milton Drig.s, superintendent of the Utah State School for the Deaf and Blind is one of Ogden's influential young men, and is recognized as one of the most able instructors of the deaf and blind in the United States. Prof. Driggs is a Utah man, of whom the state may well be proud. He was born at Pleasant Grove, Utah county, Nov. 20, 1870. When but 19 years of age, while a student at the University of Utah, he took a special interest in the school, for the deaf and blind which was then situated in Sait Lake City. For two years, in order to get a practical education, he worked in the school as supervisor of the boys' department for his board alone. At the expiration of the two years he was appointed as teacher in the institution and foreman of the printing department. When the

teacher in the institution and when the

HEAD OF CITY'S MANUAL TRAINING SCHOOL,

PROFESSOR SAMUEL DOXEY.

Supervisor Samuel Doxey, who is to have charge of the manual training and domestic arts department of the city schools, was for five years a contractor and builder, among the structures erected when he was so employed being the building now used for the High School, but formerly the home of the state uneversity.

He afterward spent two years in the University of Illinois, where he took a thorough course in technology. Returning he was for some time in the office of the frm of Monheim, Proudfet and Bird, architects of this city. He then superintended the construction of the Ogden sugar plant, and managed an architects office in Ogden. He was also the architect of several school buildings in the southern part of the state, being so employed during his summer vacations since he has been in the work of teaching. Mr. Doxey has just returned from Chicago, whither he went in pursuance of his work in the new department, and is very enthusiastic as to the great work to be accomplished under his direction. His friends trust that he will be eminently successful

and mathematics, and the substitution of hygiene for men for that of women, is a good course preparatory to the study of medicine.

The department of sewing and dress-making is being fitted up this week with new sewing machines, cupboards, gas stove, irons, scissors, cupboards, tables, etc., for the practical work, which will commence next week. The cooking department has added a

gas range and an equipment of new utensils for kitchen work, while the kitchen has been enlarged in expectation of an increase in the number of the student lunches to be prepared daily by the classes in cooking. The teachers of the kindergarten de

partment are at work decorating their rooms and arranging their furniture and apparatus recently purchased. The children's Kindergarten will begin on the 15th of this month, and will receive a limited number of children, for whom arrangements should be made in advance by parents, who may call at the Lion House any day next week from

Knabe Grand, presented to the institution last spring. This is an upright tuned to concert pitch, while the Knabe is at international pitch. One will be used for accompaniments to singing, while the other will be suitable for orchestral playing.

A piano has been placed in room 1 of the Lion House also, for use of the children's kindergarten; and the gym-nasium is likewise supplied with a good instrument for the exercises in physical culture. The organ for Prof. Stephens' class in vocal music has been removed to room 25 of the Lion House.

BRIGHAM YOUNG ACADEMY

Provo, Sept. 3.—Prof. and Mrs. Widt-soe of the Agricultural college were visitors at the academy on Wednesday.

School has opened with a larger at-tendance than ever before. Already over five hundred and fifty students have entered, and the work of registration is still going on.

Miss May Ward, one of our leading students, will take a course in one of the eastern colleges this year prepara-

tory to teaching domestic science here in the academy. Former students and teachers were

very pleased to see Miss Nelke back from the east this morning. Miss Nelke will continue to give work in special elocution this year.

Classes for gymnasium work were organized on Wednesday under the di-rection of Prof. Swenson. The boys The Influence of Art on Modern
LifeMrs. E. A. Silberstien
Ruskin the Reformer of Nature....
Mrs. E. C. Whitehead especially, seem eager to take advantage of this well equipped department. The training school teachers report a good attendance for the opening week. In the sub-freshman department the

call for more teachers has already be-Owing to the fact that Mrs. Susa Y. Gates is slightly indisposed and fatigued after her long journey, the domestic science department will not

be opened for a few weeks. Wm. Allred, a missionary student of last year, visited us on Wednesday. Elder Allred is now on his way to the middle Atlantic states, his field of la-

bor for the next few years. Assistant teachers in the commercial college are Thos. W. Smith, bookkeeping: Earl J. Glade, penmanship; and Sadie Preston, shorthand and typewrit-

ing. All are former students who have fitted themselves for teachers by further study in other schools

further study in other schools.

The old students see a great change in the faculty this year. Many new teachers have joined our ranks. Prof. Arthur Dalley will have charge of the chemistry department. Prof. Brown, the former teacher, resigned in order to give all his time to his work as county superintendent. Miss Ella Larsen, whose ability as a training teacher is well known, is now principal of the training school. Joseph Adams, who spent considerable time in studying Spanish while with the expedition, will assist in teaching that language. Miss assist in teaching that language. Miss Annie Pike, lately returned from the University of Michigan, will assist in the English department. Stanley Partridge, who has been east for some time, will be instructor of mandolin and guitar. We are all pleased to welcome these former students back as teachers.

Paine's Celery Compound

Permanently Cures Sick and Nervous Headache that Make Life Miserable.

Sick and nervous headaches are amongst the worst ills of life. The man or woman who is subject to headman or woman who is subject to headache at irregular intervals, goes though
life bearing a load of misery and wretchedness that is terrible to think of.
Headaches as a ruie, result from a
disordered condition of the nervous system. Mental excitement, loss of sleep,
bodily fatigue, and disordered digestion
are exciting causes. When the brain
becomes tired and debilitated, the whole
nervous system is weakened, and headbecomes tired and debilitated, the whole nervous system is weakened, and head-aches resuit. If the live is sluggish, the kidneys inactive, and digestion deranged, headaches invariably follow. To cure and prevent headache, the nervous system must be strengthened and vitalized. The most persistent cases of headaches, nervous feeblenes, and slepelessness, are permanently cured by Paine's Celery Compound; it is the great reconstructant of the nervous system. Mrs. Henry Westrick, St. Clair, Mich., tells of her release from suffering as follows:—

Clair, Mich., tells of her release from suffering as follows:—

"I have been troubbled with dyspepsia and sick headache for a number of years. About every week I would have a bad case of sick headache, but since I began using Paine's Celery Compound, my dyspepsia is gone, and I do not have any more headaches. I feel better than I have for years." have for years,"

Several families in this city have been "bitten" by unscrupulous dealers, who will promise one thing and send something else.

Investigation reveals the fact that the B. C. Morris Floral Co. give better value for your money, than any other dealer in the city.
